1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Moses on 14 October 04.

The application has been amended as follows:

On line 9 of claim 1, "tool" has been changed to --tools--.

On line 9 of claim 1, after "bodies", --having oblique nut-engaging surfaces—has been inserted.

On line 10 of claim 1, "a direction to be urged one against the other" has been changed to --converging directions and being biased--.

In the amendment to the specification filed 17 October 03, after "filed on December 7, 2001", --,now abandoned— has been inserted.

2. The restriction mailed on 06 May 04 has been withdrawn and all claims have been rejoined, as per paragraph 2.

3. The following is an examiner's statement of reasons for allowance:

References such as Irwin '126 show (in figure 5) a nut cutter with all of the recited limitations, except for the two front mobile bodies. Other references, such as

Fennel '302 and Bisset et al. '864 have spring biased work holders on opposing sides of the cutter, but none of these references teach the work holders to have oblique nut-engaging faces and sliding in converging directions. Even if the likes of Irwin were combined with the likes of Fennel or Bisset, it would not arrive at the claimed invention.

Made of record but not making Applicant's invention obvious are numerous patents showing nut cutters and also numerous patents showing spring-biased work holders.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ken Peterson whose telephone number is 703-308-2186. Effective on about 16 November 04, the phone number will change to 571-272-4512. The examiner can normally be reached on Monday thru Thursday between 7am and 4pm.

In lieu of mailing, it is encouraged that all formal responses be faxed to 703-872-9306.
